## Council Seeks More Parking Fund Donations

Off-street parking continues to be a major topic at city council meetings, with the city's governing body last night deferring action on two liquor license considerations until both have been checked by the Off-Street Parking Committee, and recommendations submitted.

Bob Rech, owner of the Amado Cafe and Cocktail Lounge, who has applied for a 12-months license under the new Alcoholic Beverage Control policy instead of continuing with his seasonal permit, appealed for council not to protest his application, pointing out that the additional months would be during the summer when parking is not a problem.

**HIS APPEAL WENT** by the way-side by a 4 to 3 vote, and the matter was referred to the committee for recommendation on an "in lieu" payment to the off-street parking fund. No space is available for adding parking facilities, and a policy for similar cases in the future will be established by the committee at the same time, subject to council approval.

Rech, in his argument for approval without strings attached, said that the owner of the building was willing to participate in a parking district in the area, and that he was not adding additional seating as have other places which have contributed "in lieu" payments.

**A COMPROMISE** proposal of \$500 donation to the off-street parking fund was suggested by Councilman Jerry Nathanson, and it is believed that this will be the final basis of settlement.

While negotiations are under way, control has asked that the license not be granted by the ABC.

The other license request involved the Normandy Village which has made an application to transfer its beer license from an individual to a corporation.

## Tourists Shiver As Florida Iced

**By UNITED PRESS**  
Frigid blasts of cold air pushed rapidly over the eastern half of the nation today while a generally warming pushed a cold wave out of Florida.

Natives and tourists shivered in Florida as the wintry winds swept the state.

Thousands of acres of Florida's crisp winter vegetables wilted under a killing frost Wednesday.

Caught in the grip of the cold wave was the central portion of the nation from the Dakotas through the Great Lakes and southward through Texas and Arizona.

### THE WEATHER

Desert area forecast: Clear today through Friday. Little temperature change. Local afternoon winds 15-25 miles an hour. High today 68-78 upper valleys, 78-88 lower valleys. High here yesterday was 82, and low was 41.

## Hungarian Reds Return To Hard Line Stalinism

**VIENNA (AP)—**The Hungarian puppet government returned all the way today to hard line Stalinism.

A government announcement said the Cabinet of Premier Janos Kadar had decided not to issue any more passports or exit visas. At the same time, refugees reported that Russian soldiers were laying minefields again along the Austrian frontier across which 96,000 Hungarians have fled to freedom since Oct. 23.

The new rigid ruling on passports and exit visas represented a return to the inflexible Stalinist line which the East European satellites had hoped was gone forever.

After Stalin's death, the Hungarian government lifted the Iron Curtain for thousands of elderly citizens who had relatives in the West.

**THE RETURN TO THE** hard line inside Hungary was signalled by the government earlier this week with indications of mass arrests and preparation of show trials for leaders of the rebellion.

A Moscow dispatch today denied news agency reports, not carried

by United Press, that the Kadar regime was receiving advice on its new tough line from former Russian Premier Georgi Malenkov. A spokesman in the press department of the Soviet Foreign Ministry in Moscow said the report that Malenkov was in Budapest was "pure fabrication."

Refugees reported the Russian mine-layers most active in the region of Rechnitz, 60 miles south-east of Vienna.

**IT WAS IN THAT** region that Austrian frontier police shot and killed a Russian infantryman who chased and molested a fleeing Hungarian girl inside the flag-marked Austrian frontier. Russia Wednesday night formally protested the Nov. 23 shooting, charging that the Austrian police "virtually murdered" the Russian.

Already Russian patrol activity was so intense that only 3,700 refugees crossed into Austria during the past 24 hours. A week ago the 24-hour total averaged 10,000.

The Kadar regime stoutly defended Soviet armed intervention in Hungary in an interview in today's Pravda, the Soviet Communist party newspaper. The interview was broadcast by Radio Moscow.

## Male Students Up in Arms Over Coed 'Kiss' Rule

**MILWAUKEE, Wis., (AP)** Male students at Marquette University rose up in indignation today over a "no goodnight kiss" rule imposed on coeds by school officials.

"What do they want us to do, become a bunch of angels?" one boy demanded after reading about the rule in the student newspaper, the Marquette Tribune.

The paper, in its lead story Wednesday, said Mrs. Mabel McElligott, university dean of women, had ordered a crackdown on girls "who kiss goodnight in front of dormitories" for women. The rule prohibits a "public display of affection" outside any of the school's 10 women's residence halls.

Mrs. McElligott told the student newspaper the crackdown was a periodic reminder of the rule that coeds caught kissing would be "campused"—restricted to the campus—for one weekend.

In general, male students were disgusted. One asked "what's the difference—in front of the dorm or down on the corner?"

## Sun President Praised In Village Growth Story

(Editor's Note: Aline Mosby, United Press feature writer and columnist whose articles appear in more than 1,000 newspapers throughout the nation, visited Palm Springs on special assignment to report on the tremendous growth of the Village. Her story follows.)

**By ALINE MOSBY**  
**PALM SPRINGS (AP)—**This little desert resort town nestled among the swimming pools, cactus and sequins is riding the crest of a boom that may make it another Miami Beach.

Many a tourist thought Palm Springs already was as big as it could get, with 357 hotels, 1,200 swimming pools and lavish homes for such celebrities as Frank Sinatra and Darryl F. Zanuck.

Now the Village of 12,225 shows signs of busting loose into a full-blown city of 50,000.

## Turkey Reports Arms Smuggling

**ISTANBUL, Turkey, (AP)—**Russia is illegally smuggling arms to Syria in ships passing through the Turkish Straits from the Black Sea to the Mediterranean, the newspaper Milliyet charged today.

The charge came amid mounting alarm here at Syrian moves south of Turkey's border. The Turkish government was reported taking a "very grave" view of the emergence of a leftist, pro-Russian attitude in Syria.

Milliyet said that Soviet ships passing through the Dardanelles and the Bosphorus into the Mediterranean were carrying arms to Syria disguised as commercial goods.

The newspaper said that the Syrian Army had been increased to 50,000 men and that the avalanche of Russian-made weapons was far beyond Syria's needs for defensive purposes.

## Fire Causes \$2,000 Damage At Ranch Club

Fire last night, caused an estimated \$2,000 worth of damage to a guest room and roof at the Palm Springs Ranch Club, as firemen fought the elusive fire for more than an hour and a half.

The fire started in a wall heater in a guest room, burned inside the wall until it reached a wall light, and then the smoldering fire worked along inside the roof almost the length of the building.

Firemen were able to keep the fire from spreading to the dining room, where early diners continued undisturbed with their meals.

A Los Angeles visitor, Ben Henderson, was taking a shower in the room, and noticed the smoke shortly after 5 p.m.

It was necessary for firemen to tear off parts of the roof in fighting the blaze.

## City Retirement Action Official, To Start Jan. 1

On Jan. 1, 1957, the employees of Palm Springs will have a complete retirement system. City Council last night took the final action in passage of the law.

Retirement from service is optional upon the attainment of age 55 by local firemen and policemen and at the age of 60 by other city employees. A retirement age of 60 for firemen and policemen and of 65 for other personnel has been set with a five year leeway allowable for all personnel. The compulsory age of retirement has been set for police and firemen at 65 and for other employees at 70.

Council also last night approved a two-step raise for all city employees, including administrative officials. This will compensate them for some of their cost of the retirement system, and also bring salaries up to a par with other cities.

An appropriation of \$35,000 was approved by the council to help pay the cost of the salary increase.

## Youth, 16, Set Fire of Death

**SAN DIEGO, Calif., (AP)—**A 16-year-old Indian boy has confessed to setting a 44,500-acre forest fire which burned to death 11 firefighters.

"I just got a crazy idea to throw a match, in the grass to see if it would burn," Gilbert Paipa, a high school student, told Elwood Stone, U.S. Forest Service fire investigator.

The boy was arrested Wednesday at the Pine Hills fire camp where he had been employed as a firefighter two days ago. The Forest Service said he confessed to tossing a match last Saturday in grass near a cabin on the Inaja Indian Reservation where his family has lived for two generations.

Paipa was turned over to authorities here. Stone said a felony complaint was being sought from Deputy District Attorney Claude Brown.

# Mid-East Tense as New War Threat Develops

## Sales up Half Million Over 1955 Quarter

Total Increase For Past 6 Months Exceed \$1-Million

Business in Palm Springs during the summer months of July, August and September this year was more than a half million dollars better than the total established during the similar period in 1955, Shelby V. Langford, Director of Finance for the city, reported today.

In the third quarter of 1955, 492 business establishments reported sales, subject to the city sales tax, amounting to \$2,846,458. For the third quarter of this year, ending Sept. 30, 535 establishments reported sales amounting to \$3,403,979.

**INDICATING** the accelerating construction pace in the Village, the greatest gain shown was in the building material group where 67 establishments reported taxable sales of \$1,162,414 this year as compared with the report of 60 like firms last year of \$848,174 in sales.

Indicating also that Palm Springs is attracting more visitors during the summer months and the more people are "staying all year" was the report of eating and drinking places. Last year 75 such establishments remained open all summer and reported \$325,347 in taxable sales. This year there were 79 such firms reporting sales totaling \$370,942.

**WITH THE BOOM** in home building here this year, home furnishing dealers also reported a large increase in sales during the summer. In 1955, 34 such firms did \$151,641 in business subject to city sales tax while this year, 42 like firms reported \$208,498 in sales.

Greatest percentage of increase was reported by stores dealing in sports equipment. Last year there were five here doing \$2,691 in business. This year, with an increase of but one such store, sales totaled \$8,097.

**SUBSTANTIAL** increases were also reported by the general merchandise group. Last year eight firms reported \$195,858 in sales while this year, summer business of 12 such establishments amounted to \$247,277.

That people do not eat as many sweets during the warmer months was shown in the reports of candy and confectionery stores, among the few to show a decline this year. Business of nine such stores last year was \$10,808 for the three

## Two Commission Members Named

Mayor Florian Boyd last night appointed Mrs. Florence Lockett and William Bradley to replace John Haskell and Mac Hutchens, resigned from the Social Service Commission.

The appointments were unanimously approved by the council.

## JayCees Announce Outdoor Christmas Lighting Contest

"Christmas in the Desert" will be the theme of the first annual Christmas Outdoor Lighting contest of the Palm Springs Junior Chamber of Commerce this year, President Bill Bronstein announced today.

"The purpose of the theme," he said, "is to encourage lighting displays in a climate similar to that of the original Nativity scene. The object is to express the spirit of Christmas in a desert setting and to depart somewhat from the decorations generally indicative of a colder climate."

**OFFICIAL ENTRY** BLANKS will soon appear in the press and will be available at the Chamber of Commerce, JayCee Christmas tree lot, the banks and other leading establishments. Separate contests will be open to homes, busi-

## Dogs, Council Agree—City Humane Officer Deserves Raise in Salary

City Humane Officer William Mueller is not going to the dogs—The dogs are going for him.

Last night a two-step raise for him was being considered by city council, with the motion made and seconded, and Mayor Florian Boyd ready to ask for the roll call of the councilmen.

Just then, another second was added, with a dog barking twice immediately outside the council chambers. Council took it as a bark of approval, for the raise was granted without dissension.

Cost of living for the dogs at the city pound will be going up shortly too, with City Attorney Jerry Bunker instructed to prepare an amendment to the ordinance fixing charges for collecting pets once they have been picked up running loose. Minimum charge for first offense is expected to be \$2.

And more dogs will be collected too, for an assistant to Mueller will soon be added to the staff.

## Polish Leader Says 'No Room For Capitalism'

**WARSAW, Poland (AP)—**Communist leader Wladyslaw Gomulka warned a pre-election political rally today that there is room only for Communism in Poland. But he said it was possible that "cooperation" with other parties, including the Catholic Progressives, can take place.

Gomulka launched the campaign for Poland's first elections under the new Titoist regime with a stern declaration of Communist aims, including the determination to "crush" any reactionaries. He admitted the latter exist in Poland.

**"THERE IS NO PLACE** for programs other than that of our party," Gomulka said.

But the bespectacled leader, imprisoned for three years by Stalin on charges of Titoism, conceded "it is possible that cooperation with other parties including the Progressive Catholics can take place."

**HE ADDED, "WE** believe the clergy, who have full freedom of action, will not abuse this freedom in matters which have nothing to do with religion and that they will give their support to the state on behalf of all the nation, for they, as we, are born of the same nation."

## City to Enter Safety Contest

A resolution by the City of Palm Springs to participate in a League of California Cities sponsored Safety Contest was passed by the City Council last night.

The contest is designed to make employees conscious of occupational accidents.

A second resolution was passed urging the County Supervisor to adopt county off-street parking requirements.

## Israeli Plane Attack Told By Egyptians

Russia, Israel Trade Charges, Situation Tense

**LONDON, (AP)—**Egypt reported that two "enemy" aircraft strafed Egyptian troops in the Sinai Desert today, and there were increasing signs the uneasy cease fire might explode into a general Middle East war.

Israeli sources accused the Soviet Union of conspiring with Syria to wreck the Baghdad pact and overthrow the government of Iraq. Moscow retorted that Israel was "digging its own grave" by preparing a new conflict in the Middle East.

The threat to the Baghdad pact was so grave that a top level Turkish mission flew to London to seek means of countering the rapid buildup of Soviet arms in Syria which Turkey saw as a threat to it and its Baghdad pact partner, Iraq.

**WASHINGTON WAS** increasingly concerned over shipments of the Soviet arms to Syria.

New Communist inspired riots were reported sweeping Iraq.

The official Egyptian press stepped up its offensive against the Baghdad pact with a slashing attack on Pakistan and said that nation was conducting a hostile campaign against Egypt.

In Amman, Jordan, the government announced plans to "start immediately" to break the Anglo-Jordan treaty which for years gave Britain important military bases in that kingdom. Jordan plans called for ousting all remaining British troops there.

**EGYPTIAN BRIGADIER** General Amin Hilmy, chief of staff of the Eastern Command, announced the air attacks. He said two planes strafed Egyptian trucks and gun positions in the Sinai Desert 7 miles east of Ismailia, and that two others flew over Ismailia and were driven off by Egyptian anti-aircraft batteries.

He said the air attack was carried out by "enemy" Venoms and Mysteres, British and French built aircraft used by the Israeli Air Force. He said casualties had not been reported.

The Soviet attack on Israel, the second in two days, was printed in the official government newspaper Izvestia. It said Israel was acting as a "pawn and puppet of Anglo-American imperialists" and hinted Israel was preparing to attack Syria and Jordan.

## Phone Company Starts DHS Installations

California Water and Telephone Company today is scheduled to start installation of the central office equipment in the newly remodeled Desert Hot Springs center office, Don Davis, Palm Springs district manager, reported.

"The addition to the existing building providing for a total of about six times as much space, and the new lines of dial switching equipment being installed will provide for the estimated increase in service requirements for the foreseeable future," Davis said.

Installation time is estimated at six weeks, which will include increased trunking facilities between Desert Hot Springs and the Palm Springs switchboard. Cost is estimated at \$35,000.

## Accident Causes Leg Fracture

Lewis Hillis, 61, of 620 Avenue, Glendale, Ariz., suffered a compound fracture of the left leg when the automobile in which he was riding, figured in a collision at 6:45 p.m., Wednesday.

His wife, Mrs. Violet Hillis, escaped injury as also did Robert Parker, 35, of Indio, driver of the other vehicle.

The accident occurred 1.3 miles west of Ramon Road on U.S. Highway 99.

Hillis was taken to Desert Hospital where his condition was reported as "satisfactory" today.

## Late News Bulletins

**BULLETIN -** Word was received today from the Federal Communications Commission in Washington that a decision on the application by the Palm Springs Translator Corp. for a test of the new television station will definitely be made Dec. 12, according to Merrill Brown, attorney for the corporation. The matter was delayed until the next FCC meeting because of an amendment to the original application.

**WESTMORLAND -** Congressman-elect D. S. Saund, 56, first native of India ever elected to Congress, was notified today by the Voice of America that his once-postponed radio broadcast to peoples behind the Iron Curtain has been rescheduled for next Wednesday.

**DOW-JONES** final stock averages: 30 industrials 466.62, up 0.52; 20 railroads 150.44, off 0.71; 15 utilities 65.97, up 0.04, and 65 stocks 165.45, off 0.05. Sales today were about 2,410,000 shares compared with 2,190,000 shares Wednesday.

**LINCOLN, Neb., UP -** Two interviewers at the Nebraska Employment Service office were shot and wounded today by a dissatisfied job seeker.

## Anti-American Sentiment May Save Eden His Job

By CHARLES M. McCANN  
United Press Staff Correspondent

The rising tide of anti-American feeling in Great Britain may save Prime Minister Anthony Eden's job—if anything can.

One week ago, a great many Britons were blaming Eden for the British-French invasion of the Suez Canal Zone which caused an open breach in relations with the United States.

When Eden left London last Friday for a three-week vacation in Jamaica there was a strong feeling that he was almost certain to be forced out of office.

He still may be. But now there is an increasing tendency in Britain—in the Conservative Party, in the newspapers and in British private life—to blame the United States for the entire Suez situation.

AT THE MOMENT at least, this British feeling seems likely to strengthen Eden's own gravely weakened position.

Whether it will strengthen him sufficiently to insure his continuance in office remains to be seen. But there seems to be a growing

possibility that, if his cabinet colleagues support him, Eden will be able to ride out the storm.

A great deal may depend upon the attitude of President Eisenhower and Secretary of State John Foster Dulles toward Eden.

Both Mr. Eisenhower and Dulles were bitterly angry at Eden because Britain and France decided on the Suez invasion without consulting them.

IT HAS BEEN reported the President has refused to talk to Eden by telephone.

The implication has been that both he and Dulles are determined that Eden shall get out.

There is no doubt that Eden would like to talk to the President on his way home from Jamaica two weeks from now.

If that happened, it might make the difference between Eden's resignation and his continued leadership.

If the personal breach between the President and Dulles on one hand and Eden on the other continues, the Conservatives may feel that it is necessary to sacrifice Eden.

BUT IF HE were forced out, the British government itself would be seriously weakened. Eden's resignation would be taken as an official admission that he blundered into the Suez situation.

In the minds of British voters, Eden's colleagues in the government would share the blame. The Labor Party would benefit. The possibility that the government might have to call a parliamentary election would arise.

Labor certainly would gain in an emergency election, and it might well win.

New Hampshire and Massachusetts lead all 48 states in per capita ownership of stock, with 10.8 per cent, a report from the New York Stocks Exchange shows.

## Milkman, Third Party in Wife Slaying, Kills Self

LITTLE ALLEY, N.Y. — A young milkman, surprised in the bedroom of a housewife by her enraged husband who shot her to death, took his own life Wednesday night in front of the funeral parlor where her body had been taken.

The body of the milkman, Albert Marsh, 23, was found slumped in the front seat of his car. Beside him were a .22 caliber rifle and a funeral bouquet of 25 red roses with the note:

"These roses are for Sue. Life without Sue is nothing."

THE HOUSEWIFE, Mrs. Sue Ann Riggs, 24, mother of three children, was shot three times early Wednesday with a .38 caliber automatic pistol by her husband, Ralph, 26, who returned home early unexpectedly from a business dinner.

Riggs found Marsh hiding in the closet of his wife's bedroom.

"Get out," he shouted at his wife, who cringed in bed in her night dress. Riggs then rushed into another room, grabbed the pistol and shot her to death. Marsh fled after a brief struggle with Riggs.

THE HUSBAND THEN telephoned the sheriff's office. "I must be crazy," he said. "I just killed my wife."

Police apprehended Marsh for questioning but released him. Riggs was charged with first degree murder and was held for a December grand jury after he waived examination at a preliminary hearing.

The three Riggs children, Ralph, 3, Christie, 2, and Mary, 4 months, were asleep in another bedroom during the shooting.

## U.S. Halts Oil Shipment Pending Withdrawal Plans

WASHINGTON, — American officials said today they are prepared to work out plans for emergency oil shipments to Europe as soon as they get more concrete evidence of British and French plans to withdraw from Egypt.

The U.S. position was made known to reporters after a State Department spokesman said this country is awaiting a "definitive statement" from London on Suez withdrawal plans.

State Department Press Officer Lincoln White told reporters the United States is awaiting a more detailed British statement than the one British Foreign Minister Selwyn Lloyd made to the House of Commons today.

LLOYD SAID Britain and France are still standing by plans for a "phased withdrawal" of their troops from Egypt. But he refused to commit Britain to hurried withdrawal pending new consultations with France.

British Ambassador Sir Harold Caccia called on Acting Secretary of State Herbert Hoover Jr. almost simultaneously to explain that the Lloyd statement was designed only as "an interim" report. Caccia said another statement would be made in Commons Monday.

White told reporters "we are awaiting his Lloyd's definitive statement expected Monday."

Officials said they believed Lloyd's report today is designed to clear the way for a detailed statement which will be satisfactory to the United States. The United States wants some firm assurance that British and French troops will be withdrawn quickly from the Suez Canal area in compliance with a U.N. resolution.

WHITE SAID the United States and Britain have been "in constant and close touch" on this matter. But he added that the British government only now is formulating its policy.

## PRESIDENT

best land in Palm Springs, owned by the Agua Caliente Indians, now is for sale (a nation-wide policy of the Indian service which was somewhat of a controversy in the recent election).

Handsome, 40ish Cameron, who started from scratch as a wildcatter in Oklahoma and built himself a \$20,000,000 fortune, has given the biggest boost to Palm Springs. He launched the town's third radio station (KDES). He bought the weekly newspaper, the Desert Sun, a year ago and turned it into a thriving daily.

"We were lucky to fill 10 pages then, now we print 16 and could print 24 if we had the newspaper," he said.

BUT HIS BIGGEST venture is Cameron Center, a 12-acre development featuring swank shops and what he thinks is the country's most expensive-built restaurant—the \$750,000 "The Springs".

The residents in their sunbats, sequined shoes and sequined bathing suits are flocking to inspect one new house that's for sale. It features a waterfall in the living room, black marble floors, a television set that slides out of the ceiling and a parrot to match the decor.

If you're interested, it's \$250,000, furnished.

## Blood-Tinged Reeds Depict Freedom Fight

By JACK MEEHAN  
United Press Staff Correspondent  
ON THE AUSTRO-HUNGARIAN FRONTIER. — Tall rushes frozen into flint-hard spikes thrust their way upward through the ice of this swampy frontier.

There was blood on those reedy bayonets today.

They call it the "iron curtain," this swampy bit of borderland closed by Hungarian refugees in their flight to freedom. But it should be called the "terror curtain" for that it what it is.

The only sound in the sub-zero dawn is the whispering of the wind through the frozen reeds. And then there is the shriek of a woman in despair. Her voice rises in terror and pain too fierce for silence.

YOU SEE NOTHING except an occasional Communist border guard swathed in an overpadded coat as he waddles into view across the treacherous ocean of ice that is the frontier. You know he shivers, too, for you can see him beat his hands together for warmth.

There is no warmth in this icy world that is one of the main under ground railway stations on the road from Budapest to Vienna, and still the refugees come through one of the most body-and-soul-battering roads chosen and conquered by man.

Thousands have chosen this path and won. Some have failed, killed by Communist border guards with a Russian rifle shot of neutral Austria's beflagged frontier.

A TINY TOT'S RED zippered snow suit with its faded label from a Budapest department store lies huddled near the reeds. Two patched inner tubes to which men and women clung and paddled through the bone-numbing waters of a border canal.

A baby's picture book whose nursery rhyme illustrations are the same the world over though the words are in Hungarian... a child's blue knitted woolen hat and mittens held together by a piece of tattered cord.

In the tall rushes where the woman screamed the ice thickness varies. The water depth varies, too. Many of the refugees fighting through to freedom here have plunged neck deep into the water through the ice.

THE REEDS PART and four men slip through, followed by a woman with a child in her arms. The woman is silent, numb, and is offered a drink of brandy. The silent numbness gives way to hysteria and she screams that her baby is dead. But the child, numbed with cold, is safe.

The refugees plod across the open field toward a Red Cross station a mile away. One man wears heavy boots of the Hungarian army, but the others have

only broken leather bound together with rags that are no match for the reedy bayonets. Seven more refugees have joined the 93,000 sheltering in Austria and the fresh blood on the reedy bayonets freezes in the wind that sweeps the Hungarian plains.

### Winfield China Dealers to Hold Convention Here

Winfield China distributors from all parts of the United States, Hawaii, Puerto Rico and Alaska, will arrive in Palm Springs this week end to attend the second annual Winfield China Distributor convention. The three-day session starting Monday, Dec. 3, will be held at the Desert Inn.

According to Thomas F. Hamilton, president of American Ceramic Products, manufacturers of Winfield China, the convention will bring together over a hundred people representing the company's national sales organization.

Hamilton, a leader in the California ceramic industry for the past 15 years, deliberately pulled American Ceramics' dinnerware, Winfield China, out of 1800 department stores across the nation in September of 1953. He then proceeded to establish his own distributor organization and set up a direct-selling merchandise plan for Winfield China.

Distributors have since been established throughout the United States, Hawaii, Puerto Rico and Alaska.

The usual life expectancy of a rat is 18 months.

In 1900 life expectancy in this country was 47.3 years. In 1954, the last year for which accurate figures are available, average life expectancy had climbed to an all-time high of 69.6 years, an increase of 22.3 years in a half century.

### Christmas Coming and Taxes Too

Hate to be unpleasant and a kill-joy—but the first half of the current property tax bill must be paid by 5 p.m. on Monday, Dec. 10.

If not paid by that time, they become delinquent and subject to penalties.

V. M. Hyde, county tax collector, said that property owners who have not received their bills should contact her office immediately.

She reported that many bills sent out in October have been returned with the notation: "Moved, No Forwarding Address."

It is important, she added, that the tax collector's office has the correct address for future mailing of bills.

Second half of the tax bill becomes delinquent in April. The entire bill may be paid at this time, the collector said.

Twenty thousand Norwegian men, who will be 19 years old this year, are scheduled to report for military service during the next few months.

# Cadillac

## Surpasses its Own Great Reputation!

You're looking at a mighty surprised man.

Almost all of his adult life he has owned Cadillac cars. And so, when he came in to see and drive the new 1957 Cadillac, he thought he knew about what to expect.

Well, here he is—barely under way in the city's traffic—and already he is learning the startling truth.

He is learning that *nothing* could adequately prepare a man for the new "car of cars"—not even Cadillac ownership itself!

He suspected it, in fact, the instant he caught his first glimpse of this newest

Cadillac creation. This was an entirely new kind of Cadillac beauty—brilliantly fresh in line and in contour.

And then he opened the door and swung into the driver's seat—and found added evidence all around him. On every side were new miracles of interior beauty and comfort and convenience.

And when he turned the key and put his foot on the accelerator, his sentiment grew to conviction. The car was incredibly nimble and quiet and smooth of ride.

Surprised, did we say? Well, just wait

until he hits a stretch of open highway.

That great new engine is incredibly responsive. There is new balance and ease of motion. And the car is so easy to handle that it seems almost to know the road.

No question about it—*this is the Cadillac that literally surpasses its own great reputation!*

We suggest that you come in soon to see and drive this surprising new Cadillac. It's an experience you shouldn't postpone—and one you'll not soon forget.

You'll be welcome at any time.

REPORTING THE WEATHER  
IN PALM SPRINGS

Many complaints have been received at the Palm Springs Chamber of Commerce from time to time that newspapers along the coast have given a wrong impression in their news columns of weather conditions in Palm Springs. Quite often, when storms occur in the Palm Springs area the papers refer to winds or storms in the "desert" and people don't read any farther. Usually the word "desert" appears only in the heading. Once in a while the Los Angeles papers do report actual weather conditions here by not having an actual run-down on this particular locality.

To improve weather reporting the Chamber of Commerce now has a public relations office in Los Angeles which is on the lookout for any errors of this kind and sees that they are corrected immediately. By and large Palm Springs has been receiving very good treatment from coast newspapers. Time and again they carry illustrated accounts of happenings in this area.

The Local Chamber of Commerce also receives reports from hotels here that say people cancelled reservations on account of bad weather information given by agencies on the coast—when the weather was perfect here. The Chamber now follows up on all these reports where the name of the party which cancelled the reservation and the place where they obtained the information are reported. Every effort is being made to see that Palm Springs gets an honest report of its weather conditions.

## A Vital Agency

This is just one of the many ways the Chamber of Commerce services the business and professional interests of the community. It is services like this of which the business men are often not

aware. Dozens of others could be mentioned in answer to the question sometimes asked: "What does the Chamber of Commerce do, anyway?"

Every business and professional firm in Palm Springs should be a member of the Chamber of Commerce which performs so many services, and without which it would be a much different city. There are now a little over 500 members. This can—and should be—increased to at least 600. No expensive drive or campaign is being undertaken to attract new members. It is an organization which all of the firms should join without urging.

If you are not a member of the Palm Springs Chamber of Commerce, you should be. Join with your other fellow business and professional men and women of the community in sharing the responsibility of keeping this vital agency going—and in healthy condition.

## Ketty Is Sexy, In 'Love to Love'

HOLLYWOOD — Harry Belafonte, who broke up with his wife before flying to Tobago in the British West Indies to make "Island in the Sun" for Darryl Zanuck, is Very Warm for Tabago for his co-star, Dorothy Dandridge—or even for Chicago! Roger Smith will play Lon Chaney, Jr., to Jimmy Cagney's Lon Chaney, Sr., in "The Man of a Thousand Faces."

Bing Crosby's opening words to the audience when Judy Garland dragged him on stage unexpectedly at the Palace in New York: "Golly, folks, you caught me without my hair!" . . . Ketty Frierson, a sexy septa songstress, is raising a rumpus these nights in the main rumpus room of a new Sunset Boulevard bistro called The Purple Onion by singing Lena Horne's song, "I Love to Love." Lena taught it to Ketty but every little movement for this vivacious version is strictly Ketty's—and wow, dad, can she belt 'em!

Vito, a new Italian pantomimist same saloon, essays a bit as Sinatra & Mitchum in an operating room sequence from "Not As a Stranger" that had me choking on my pizza . . . When he did manage to talk, just to prove he could, Vito said, "My agent tells me that as far as movie parts for me are concerned, he's got iron in the fire. This is an agent? This is a blacksmith!" These two kids should be in the movies.

GRETCHEN FOSTER, Loretta Young's shoe-eyed niece and a runnerup in the last Miss Rheingold contest, is now bending over the third tube from the left in the Beverly Hills Slenderella salon.

Prowling Paramount for news, I caught Jack Bean knocking on the door of the dressing room marked "Miltzy Gaynor" on the set of Frank Sinatra's "The Joker" (Miltzy is Mrs. Bean). No answer. Miltzy's maid finally stuck her head out and informed Jack his wife was having trouble wriggling into the very scanty, very black-lace Nothing she wears in her opening scenes. Jack, cowed, looked speechless at the maid, shrugged his shoulders and walked away remarking, "I guess I'm not old enough!"

Wally Westmore showed me a

wire asking him to air express posthaste Audrey Hepburn's favorite lipstick and shampoo to her home in Paris. And here I thought Paris had the best cosmetics in the world . . . Clark Gable agreed to do "Lion in the Sky," an aviation yarn, for Universal . . . Max Nosseck, who made "Dillinger," is now THE big wheel in the German movie business.

RKO PRODUCTION chief Bill Dozier, an Omaha boy, threw a party for his old Omaha boyfriend, Hank Fonda, in the Beverly Hills Hotel's Rodeo Room, to signal the start of "Stage Struck," in which Hank is starring for Bill. When I arrived, Omaha's Nate Cutler, a photog, was taking a picture of Omaha's Fonda and another Omaha-born star, Dorothy McGuire, for an Omaha newspaper!

The Baroness Aldera Franchetti of Rome flew out from New York for the party. She is Fonda's new heart and I am convinced they'll get married. She's about 25 (to Hank's 50) and, although half her fiancé's age, she's fast on her feet conversationally same as the foreign-born wives of Gorgy Peck and Kirk Douglas—matter of fact, she even looks like Veronique and Anne), and is sleek and chic. Besides which she is very rich. Her mother is one of the banking Rothschilds—but MILLIONS.

TV TOPICS — Because Pat Boone is still in school, 20th-Fox has pushed the start of "Bernadine" back to Jan. 15 . . . A new hymn hit on the country-singers circuit (that's the one Elvis the Pelvis started on) is titled "Turn Your Radio On and Tune in God" . . . Wally Cox overheard this from a lush in a Sunset Strip nightclub: "I let my wife know who's boss right from the start—no sense kidding myself!"

Robert Emmett Dolan is leaving Paramount, where he was a producer the past 13 years. Among the properties he's taking with him is "Joey," a movie dramatization of the television show that was supposed to star Tony Perkins, and "Papa's Delicate Condition," in which Fred Astaire would like to star.

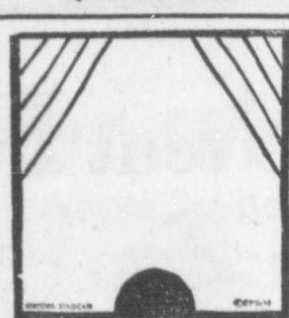

His Honor James Briscoe, former Lord Mayor of Dublin will

visit here in Hollywood on March 15, two days before next St. Patrick's Day. There's still a price on Briscoe's head in England. He was one of the rebels of the historic Easter Uprising of 1916 in Dublin.

Pat O'Brien, just back from Dublin, was telling me he met Briscoe over there for the first time. His Honor asked, in a brogue as thick as the Barney Stone itself, about Pat's career. Pat said, "Well, I'll tell you, Your Honor—I'm doing fine in television but when I was making movies I played so many priest roles, my family started talking in Latin!" . . . To which Briscoe replied, "Well, Pat, since I've been Mayor of Dublin I've been to Mass so often, fish come to me automatically!"

## Doodles

## "SPIDERS PLAYING LEAP FROG"

As this excellent Doodle so dramatically points out, Spiders don't just hang around the web doing nothing during those long winter months when the flies have all flown South. Some, like the two in this Doodle, play leap frog and other amusing games like Dive in the Soup, Stick on the Wet Paint and Dodge the DDT, while others get part time jobs in Boris Karloff movies and haunted houses. Once in a while, of course, a non-conformer like the Black Widow will try to liven things up by biting a civilian, which makes it miserable for the rest of the group. But, by and large, Spiders are easy-going insects that are quite useful. Especially if you're trying to think up Doodles.

THERE WAS A SWITCH in the usual procedure at the Chi Chi Monday night when Bob Hope and several other prominent in the entertainment world were on hand to applaud Ginny Simms in her opening show in the Starlite Room.

One young Village woman told her escort that she was going over to Hope's table to gain his autograph. "Be different," said the boy friend. "Ask him if he wants your autograph?" Hope did and got it.

MOTORCYCLE OFFICER Nick Maff wonders if he was the intended victim of a bribery attempt.

Yesterday morning he spotted a car parked on Indian Avenue by a meter which had its red flag showing—time expired. As he went over to investigate, he found a plug of chewing tobacco on the meter, apparently in lieu of the nickel(s).

The name of the brand was "Bull of the Woods." The Bull of the Motorcycle brought the plug into The Sun office. But since this is mostly a genteel place, he found nobody here for chewing.

HAVEN'T SAID anything lately about the dangerous practice of leaving an automobile from the left side but that reckless action was called to my attention just the other day.

A woman parked her car and dismounted from the left side. The following driver swung toward the center of the street to avoid the wide door and hit an auto coming the opposite direction. The third auto veered, too, and smacked a car parked on the other side of the street.

While owners of the three cars were seethingly comparing notes, the woman who caused it all, got back into her car—from the left side—and drove away.

Her vehicle was not damaged.

BUT DON'T THINK this is any attempt to belittle women drivers. Have noted on frequent and long excursions that more than half of the cars you meet on the road in which a man and a woman are in the front seat—the woman is driving.

Maybe the men feel safer that way. Or perhaps they just lost the argument.

## INEZ ROBB:

## Texas Is My Friend

If I had the money—I could scrounge up the time—I'd sure nuf fly down to Texas to spend this November 29. The Lone Star State is the only one in the Union polite enough to observe my natal day as a statewide holiday.

Once upon a time it would have been a nationwide holiday. Every now and then when I was young, my birthday was a holiday from border to border and from coast to coast. Then people started messing with the calendar, and today I'm just left with Texas.

Now, mind, I'm grateful, because Texas is an awful lot to be stuck with. I should be so lucky! (Have you heard the latest definition of a bore? A man who was born in Texas, was graduated from Princeton and served briefly in the Marine Corps.)

So maybe you are wondering why Texas is observing my birthday anniversary as a statewide holiday. It's because Texas still celebrates the good, old-fashioned Thanksgiving which was always observed on the last Thursday of November until the national itch for reform laid profane hands on this, the truly American holiday (Thanksgiving, that is, not my birthday).

THERE IS NOW a whole generation growing up that probably believes Thanksgiving was always the fourth Thursday in November.

Ha! That evil custom is less than 20 years old and in the interim I have been deprived of the old double-dip birthday celebration often enough to make me fighting mad.

When I was younger, my birthday anniversary coincided with Thanksgiving with a fair degree of regularity, and when mine didn't, Papa's did. He was born on November 30, which made me one day older than he, a fact that pleased me enormously when I was a moppet.

When Papa's or my birthday anniversary came on Thanksgiving, we had as a choice of desserts not only the usual mince and pumpkin pies, but also a big birthday cake. And, as Mama

so wisely said, "What is cake without ice cream?" So there was always a freezer of homemade ice cream, too.

HOW MANY CITIZENS still remember why Thanksgiving Day was changed during the depression from the last to the fourth Thursday in November, thus doing me out of my double-decker celebration?

The answer is crass commercialism. It was decided, on the White House level, that people would do more Christmas shopping if there were an extra week between Thanksgiving and Christmas. This would spread money, if any, around, give a lift to employment, etc.

And after the Depression ended, I never got my two-for-one birthday cake.

In the meantime, I hope Texas sticks to the old Thanksgiving. It's my only hope. If I could only be with the good folk of Texas on THEIR Thanksgiving Day and MY birthday anniversary today, I would feel exactly like the Texas billionaire who went to see his dentist.

The latter told the Texan that for once his teeth needed no attention, not even cleaning. But the Texan leaned back in the dentist's chair and said, "Go ahead and drill, Doc. I feel lucky."

We learned about music the other day from a man who knows. We learned plenty about that fabled heart-break passageway paved with bars of notes, called "Tin Pan Alley."

His name is L. Wolfe Gilbert, who is acknowledged by many as the "Dean of Tin Pan Alley." An alley which today is divided fifty-fifty between Hollywood and New York City where the name of the alley originated.

We were irresistibly drawn into this man's company by virtue of his colorful past—an author of more than 200 songs. Many of them you will remember, like: "Waiting for the Robert E. Lee," "Ramona," "Down Yonder," "The Peanut Vendor," "Marta," "Jeannine, I Dream of Lilac Time," "Oh, Katharina" and "I Miss My Swiss," just to name a few.

He has been at this business of living with and writing songs since 1911, this man of 70 who moves with the agility of a man of 40 and thinks more rapidly, as a professor trained in one thing only—that of music.

HE IS THE WEST Coast director of the American Society of Composers, Authors and Publishers, ASCAP. Born in Russia and brought to this country when only six months old, this dynamic human being when I found him was in great jubilation. He had just received the first copy of his book entitled, "Without Rhyme or Reason."

We found him and his family right here in Palm Springs at the only logical place a man with his past experience and memories would stay, the Skylark Hotel owned and operated by George Simons who has and still cuts a mean swath for himself in the musical song publishing business.

About "Without Rhyme or Reason" again, "Wolfe" (as all of his friends call him) has a book which pictures in human sort of fashion the humble beginnings of himself in New York City. Pictured, too, in words in the song parodies he wrote for George M. Cohan and Al Jolson—Jolson who paid Wolfe off with an overcoat instead of cash.

HE NOT ONLY wrote songs but

They take 'em to a cafe with a violinist and the gal's permitted to sing for the boss, who's presumably listening. (More dead singers aren't hired that way!)

sang them too, in a voice that is hard for me to define but nevertheless entertaining. He traveled with the mighty John L. Sullivan; he depicts his many failures as a song publisher and then down the road to the zany life, the fantastic existence as a Hollywood tunesmith during a time when the film capital became the ultimate symbol of big money, fast living and questionable talent.

Wolfe knows this story backward. He has lived it all of his life and is living it today.

He shakes his head rather sadly about "Tin Pan Alley" as it exists today. He will tell you that the song publishers of America have lost control of their lucrative field today and will point with some criticism at the recording business—the only way he believes that a song may reach the public. "That is, you have enough money to use in cutting a platter."

In this respect he was at great variance with George Simons, the song publisher. However, that's still another story. A story that America should know about the music they hear today.

WOLFE ALSO writes a feature for the Daily Variety under the title of "The Song Makers." In it he scores with great and bitter criticism the rock and roll type of music which is sweeping the country today. To quote from one of his articles, he writes:

"Honestly, and it's not sour grapes, but I have to say that the influx of hillbilly and country songs and writers has not added one iota to the distinction of our craft (song writing). Mind you, I love some of these songs—just a limited few—because they are earthy, folksy and genuinely primitive. I recognize these as being worthy of popularity. But a great portion of them have salacious suggestions, if not content and have materially cheapened the taste of our youngsters."

Good for you Mr. Wolfe. Isn't there any way that "Tin Pan Alley" both on the Pacific Coast and in New York City can tie a can do the tail coats of these song writers?

Certainly they would start meowing like a cat on a backyard fence and that music, I believe, would be much sweeter.

Mr. and Mrs. D. B. Free, owners of the Dunes Lodge at Tahoe Vista, Calif., have returned to Cathedral City for another winter season, and have taken an apartment at 536 "D" Street. Their son, Larry, is in the fifth grade at Cathedral School.

In Cathedral City again for the holidays were Mr. and Mrs. Earl Mounce, frequent visitors at Jim and Mary Wolseth's Desert Lodge. Mr. Mounce is associated with Columbia Studios in Hollywood.

Among other guests at the Lodge are Katherine Woodhead and Ethel Palmer of Hollywood and former residents of Rancho Mirage, Mr. and Mrs. Voorheis, frequent visitors from Long Beach, soaking up the sun. Dr. and Mrs. W. A. Stowell have returned to their home in Tarzana, after a weekend spent taking in the sights and attractions of the desert.

Eleanor and Tony Janulis (Anthony's Refrigeration) with their son, Tommy, spent the holiday weekend in Long Beach visiting Mrs. Janulis' brother, William Anast.

Formerly of Palm Desert and Hemet, they moved to Cathedral City last year when Tony opened his Air Conditioning and Servicing business, to which he has recently added Philco Refrigerators and Whirlpool Washers.

In lieu of spending Thanksgiving in the traditional manner, Phyllis and Bert Lamb picked Janis and Lee up at school Wednesday afternoon and, joining the Dale Grables of Indio and the Don Burkards of Midland, spent a most interesting weekend exploring the Colorado River.

Celebrating Thanksgiving with Mr. and Mrs. Art Willis at their home on "B" Street were their son and daughter-in-law, Ed and Mabel Willis with granddaughters, Jamie and Linda, and Mabel's father, Dr. James Potter and his wife, Tess, with their baby daughter, Tess Charlene.

Only on the desert could Thanksgiving dinner be enjoyed in the patio, as it was at the home of Mr. and Mrs. Ivan Sharp. A traditional family celebration, the guests who remained for the weekend were Mr. and Mrs. Clifford Sharp and son, Mike, the LeRoy Sharps and daughters, Kathleen and Virginia, and Ivan's sister and brother-in-law, Mr. and Mrs. John McBride. Here from San Diego were Mr. and Mrs. Tom Donohue, daughter and son-in-law of the table were Mr. and Mrs. John Sharp, Sr., of the John Sharp Real Estate Office. Taking advantage of the perfect weather, they enjoyed swimming and relaxing in the sun.

Here from Redondo Beach as holiday weekend guests of Mr. and Mrs. Trenton Dunphy were Mr. and Mrs. Fred Ehlers and sons, Jerry and Stephen. The Ehlers own the Supreme Paint Store in the beach city and Mrs. Ehlers is a well known interior decorator.

The officers of the Westminster Fellowship of the Community Church held a retreat Sunday afternoon from 2 to 6 p.m. at the Manse. Plans were made for worship and social meetings for the coming year. Games were enjoyed following a potluck supper. Those in attendance were: Hazel Micelli, moderator; Marion Woody vice moderator; Penny Fine, acting treasurer in the absence of Shirley Larkin, Doris Sing and Sidney Irvine, advisors Mr. and Mrs. Don Veitch, and Rev. Arnold.

Cora Jackson, a resident of the Coachella Valley for the past sixteen years and former owner of "The Stork Shop" in Coachella, is featuring ladies and children's apparel at her new shop, "Cora's" at 714 Broadway, adjacent to the Merle Norman Cosmetic Studio. Now a permanent resident of Cathedral City, she plans to build a home later in the season.

Mrs. Marcia Brown, president of the Women's Auxiliary of the Community Church, announces the Bazaar was highly successful. In charge of details were Mrs. Warner Moon and Mrs. Molly Hill. The White Elephant Booth was most popular and early shoppers found many clever and interesting items at the various booths.

## 'Bozo' to Appear At P-TA Meeting Thursday Night

P.T.A. board members and Room Mothers of Cathedral City School are busy with preparations for the Potluck supper planned for Thursday, Dec. 6, starting at 6 p.m. Parents are asked to return promptly the notices the children brought home, as it will enable those in charge to better judge for how many to prepare.

For entertainment and pleasure, the P.T.A. will present the "Big Surprise," Pinto Colvig, known and loved as "Bozo" The Capital Clown, also known under a dozen or more Disney titles such as Goofy, Pluto the Pup, Grumpy and The Big Bad Wolf.

Pinto became a clown with a carnival at the age of 12. From then on, circuses and carnivals were part of his life. He would go to school in the winter, even three years of college, but come the Spring and Pinto was off to bring laughter and happiness to his friends all over the United States with his clowning, screaming on his clarinet, and cartooning.

He joined Walt Disney in 1930 and remained with him for eight years. Through the years he has supplied the voices for hundreds of movies, cartoons, radio and television programs. Through his records and various appearances, Bozo has entertained millions of adults and children.

His real name is Vance DeBar Colvig, and he has five sons and five grandchildren. One son and one grandson are following in his footsteps as clowns. He writes many of his own songs, and carries with him hair from a white elephant's tail, and tiger's whisker "Just for Luck."

## Lions Continue Clothing Drive

The Lions Club will hold their regular dinner meeting tonight at the Farmhouse.

The members are still collecting items for the Ensenada Childrens Hospital, and again announce that such items may be left at Krings Station, Cathedral Grocery, or the children can take them to school and leave them in the office with Principal Sam Micelli.

## Count to Ask For Anna's Hand

HOLLYWOOD (AP)—Actress-singer Anna Maria Albergheiti disclosed today that 30-year-old Count Alberto Mochi of Italy, planned to come here next month and ask for her hand in marriage. "He is coming to ask my father's permission," the 21-year-old star said. "That is the old-fashioned Italian way. And that's how I want it."

CATHEDRAL CITY Area Business Association today announced plans for a Christmas lighting contest for the Cathedral City area, with prizes to be presented in both home and business classifications. ## Board Plans 'Light' Project For Christmas

Board members of the Cathedral City Area Business Association met this week to discuss the details of their next project, "Light Up Cathedral City for Christmas."

This will embrace the area between Tramview and Thunderbird. A plaque will be presented for the most outstanding decoration among the business houses, and a second award will be given for the most original and unique home decoration.

Under the auspices of the association a letter will be sent to the individual firms asking 100 per cent cooperation in this venture. The Cathedral City Youth Project, which was discussed at the luncheon meeting the previous Wednesday, was reviewed and plans will be formulated after Jan. 1 for a fund raising campaign to further finance the needs of the Youth organization.

## Scout Troop Six Organized

After some delay the initial meeting of Girl Scout Troop 6 was held last week at the home of Roberta Sherrill, and following officers elected; president, Valerie Howe; vice president, Judy Jorgensen; secretary, Sally Gorges; and treasurer, Sandra Dunphy.

Following the business at hand homemade cake and hot chocolate were served.

The girls attending were Patti Patane, Sandra Dunphy, Judy Jorgensen, Sally Gorges, Valerie Howe, Roberts Sherrill, Vicki Palmer and Patti's guest, Brownen Exner.

The second meeting was held in the library of Cathedral School, which will be the permanent meeting place. Carol Fox was welcomed as a new member, and the girls decided on the daffodil for their crest.

Refreshment hostesses were Sandra Dunphy and Patti Patane. Mrs. Alfred F. Patane and Mrs. Trenton Dunphy are leader and co-leader. The meetings are held from 7:30 to 9 p.m. each Monday evening, and all intermediate Girl Scouts interested in furthering their scout activities are welcome.

## Auxiliary's Big Benefit In January

One of the first big affairs of January will take that month's zodiac sign for its name, and will be called the Capricorn Ball. This is also a play on words as some of the clothes in the fashion show come from Capri.

The Women's Auxiliary of Desert Hospital will take over the Racquet Club the evening of January 10, when they will stage a benefit dinner dance and style show.

Dancing will be to the music of Teddy Noel and his orchestra and there will be a special surprise featured singer. Dorothy Gray Inc. will show a collection of fabulous clothes by Fontana of Rome and the hand-woven, hand made gowns from Le-Tessi Trice of Capri. Men's sportswear will be shown by the Racquet Club shop.

Reservations will be held to 275 persons, according to Florence Murphy, general chairman for the dinner dance. There will be two prices, \$50 a couple for seats in the main dining room or Mural Room, and \$25 a couple for the Garden Room and bar lounge.

Serving on the committee which will assist Mrs. Murphy, are Louise Horner, Dorothy Salinger,

KENYON SCUDDER, one of America's best-known criminologists, will be the speaker for the next meeting of Palm Springs Woman's Club, which will be held on Monday afternoon at 2 p.m.

Orpha Frank, Velma Silverman, Adele Portis, Caroline Morris, Marie Levy, Jeanne Hull, and Dorothy Gray and Auxiliary president Virginia Farrell.

Proceeds from the benefit will be to pay for something needed at the hospital which can't be bought with tax money.

During the first year of its existence, the Women's Auxiliary has purchased four wheelchairs, garden furniture for the patio, and re-furnished the nurses' lounge, among other things.

## Scudder Will Address Clubwomen

One of America's leading criminologists comes to Palm Springs, when Kenyon J. Scudder, well-known penologist and director of field services for the Osborne Association, addresses the Palm Springs Woman's Club on Monday, December 3, at 2 p.m.

Scudder, who was superintendent of California's famous Institution for Men at Chino for 15 years, has recently joined the Osborne Association. This is a prisoner's aid organization interested in correctional standards for the different states. Scudder's work with it entails a great deal of travel and gives him an excellent opportunity to spread the minimum-security program to the other states that has been so successful under his guidance at Chino.

For a radical departure in the accepted manner of imprisoning convicted criminals was instituted back in 1940 at Chino when Mr. Scudder was its superintendent. He related the whole fascinating story of a prison-without-bars in his book, "Prisoners Are People," which was later made into a motion picture called "Unchained" and won wide approval throughout the country.

Chino is what is called a minimum-security institution. No one is locked up; guards carry neither guns nor billy-clubs. Inmates are treated as ordinary human beings who have made a mistake. Each prisoner is given a great deal of trust and responsibility. His family is permitted to visit him and picnic with him on Sundays. Each inmate must make up his own mind whether to try to escape from this open institution.

It is a tribute to Kenyon J. Scudder's wise leadership that in the 15 years of its existence—with about 14,000 inmates during that period—that there have only been two cases of violence. Chino has been the subject of study of penologists from many countries. Preceding the program Mrs. Gela Watson will preside over a short business session.

Refreshments will be served following the meeting by Mrs. H. George Smith and her tea committee.

## Naval Officers Winter Dinner Here December 7

Southwest Commandery Naval Order of the United States will hold its winter dinner at the Racquet Club on Friday, December 7 at 7 p. m. Vice Admiral William V. Davis Jr., Deputy Chief of Naval operations (Air) is expected to be here.

Arrangements for the dinner are being made by Commander Maurice L. Horner Jr., USNR (Ret.) and Lt. Commander Charles D. Farrell U. S. N. R. They advise that all U. S. Naval Officers (active, inactive or retired) and their ladies are welcome to attend. Dress will be informal.

FROM THE DESERT come the basic forms for the elaborate Christmas decorations created by Mary Noel and on display at Bullocks Gift Shop. Driftwood and desert primroses, mesquite, sugar pine cones and even cotton bolls have been skillfully processed, sparingly and artistically sequined and adorned with tiny Christmas baubles, to become the newest and smartest holiday table decorations. There's an amusing primrose carousel, one item dedicated to the San Jacinto ski lift, and a magnificent silvered driftwood piece with wood roses fashioned from tiny pine cones, and all these signed pieces have the Mary Noel flair and are so sturdy they will last for many holiday seasons. Mary Noel, shown here with three of her table decorations, goes out on desert expeditions seeking the woods and cones and desert shrubs used in her creations. (Desert Sun Photo)

## Two Pretty Moppets Sing Catchy Tune for Hit Record

By ALINE MOSBY

United Press Hollywood Writer HOLLYWOOD — One of the smash record hits of the day features two little girls barely out of knepants, but Patience, 14, and Prudence, 11, are the first to admit that listeners hear eight voices, not two.

The youngsters' recording of an old Billy Rose tune, "Tonight You Belong to Me," brought Billy a new fortune in royalties. It also made the pretty moppets the rage of the juke boxes.

When I tracked down Patience and Prudence the girls confessed the two breathless voices that caused a sensation actually were their voices recorded four times.

"On records our voices are multiplied," explained Prudence, an elfin girl with a pony tail hairdo. "You see our voices are very small and very weak. They don't sound good alone. So when we record, we repeat the song four times."

The girls have been turning down countless offers to appear on TV shows. For one thing, their father, Mark McIntyre, a composer-arranger who's responsible for their success, doesn't want them to work much because, "We're just average people, and my wife and I are trying not to upset their lives with this success."

Besides, the girls can't sound in person as they do on records.

On their one TV appearance, the Perry Como Show, two grown-up singers helped them out behind the scenes.

"We explained to Mr. Como we have such tiny voices we couldn't get good balance with the orchestra," said Patience, a pert junior high miss with long, fluffy hair. "So two of his chorus stood backstage and sang with us."

"I guess it was a kind of a trick to play on the audience," she admitted bashfully. Patience and Prudence live with their parents in a comfortable, early-American style home in the suburb of Toluca Lake.

"One day we were driving home from the beach when Prudy and I began to sing this old song we learned at camp," Patience told me. "I sang the harmony and Prudy the melody. Daddy thought we should record it just for kicks and send it to our grandparents."

McIntyre's friends at Liberty Records agreed to wax the tune. The grandparents Mr. and Mrs. W. S. McIntyre of Navasota, Texas, and Mrs. Vada Sharp, Dallas, Ore., received the record. But Liberty thought it was so catchy it was released to the public, too.

## Guild to Show Color Slides

The program will be the nature of a travelogue, with each member asked to bring four color slides to show, when the Photography Guild meets this evening at 8 p. m. in the Desert Art Center. There will also be a short business meeting. Refreshments will be served following the meeting.

Pat Moorton, Guild president, is in charge of arrangements for the meeting and said that it is open to interested persons.

Dr. and Mrs. Stanley Dougan of North Riverside Drive, have just returned from Feather River Canyon where they were snowed in for two weeks.

## BIRTHS

Three babies, one girl and two boys, were born at Desert Hospital on Tuesday, November 27.

To Mr. and Mrs. Marshall Vail of Outpost Store, Palm Springs, a girl, weighing six pounds 13 3/4 ounces.

To Mr. and Mrs. Robert Cordor, of Cathedral City, a son, weighing six pounds one and a quarter ounces.

To Mr. and Mrs. A. J. Cooper of Palm Springs, a son, weighing six pounds 15 ounces.

# U. S. Widens Games Lead

MELBOURNE (UP) — Charley Jenkins of Cambridge, Mass., roared from behind today and won the 19th Olympic gold medal for the U.S. with an upset victory in the 400-meter run while other Americans advanced impressively in basketball and the decathlon.

Milt Campbell of Plainfield, N. J., second in the last Olympics, piled up a 197-point lead after five events of the gruelling decathlon and the U.S. whipped Russia in basketball, 85-55.

In the only other track championship up for decision, be-speckled Chris Brasher of Great Britain finally was awarded the 3,000-meter steeplechase championship in the record time of 8 minutes, 41.2 seconds after first being disqualified for "interference" and then reinstated hours later by a special protest jury.

EXCEPT FOR THE excitement caused by the protest in the steeplechase, the Americans had the show mostly to themselves in the vast Melbourne cricket grounds as

## U.S. Boxers Win Two, Lose Three In Games Today

MELBOURNE, (UP) — Pete Rademacher, a Grandview, Wash. heavyweight, and Jimmy Boyd, a hard-hitting light heavyweight from Rocky Mountain, N.C., hammered their way into the Olympic boxing semi-finals today, while three other U.S. battlers suffered elimination.

Four Russian boxers, meanwhile, enjoyed a banner day as they all scored victories in their quarter final bouts.

Middleweight Roger Rouse of Opportunity, Mont., one of the three American losers, suffered a particularly bitter setback when the referee over-ruled the four judges and awarded the decision to Gilbert Chapron of France. Lightweight Louis Molina of San Jose, Calif., and Joseph Shaw of St. Louis also lost decisions.

The 28-year-old 210-pound Rademacher was by far the most impressive in scoring a second round technical knockout over Josef Nemecek of Czechoslovakia.

### TODAY'S SPORTS PARADE

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U.S. Pat. Off

MELBOURNE, (UP) — The bell clanged and little Louis Molina, the fighting Marine from San Jose, Calif., swarmed across the ring and let fly with a looping left hook.

His opponent, a slender Australian, blocked the blow and Louis dropped into a weave and bob as he started punching to the body.

The referee, a Frenchman, separated them and shook a warning finger in little Louis's face.

"No, no," he warned. "Like this."

Then the referee assumed a stance which would have been a credit to John L. Sullivan, shook another cautioning finger in the face of the American lightweight and motioned the two boys together again.

Molina shrugged helplessly and assumed the classic pose demanded in Olympic boxing. But in distinct swiftness took over and Louis again dropped naturally into his weave and bob.

ONCE MORE the referee, irritation showing plainly on his face, stepped in and separated the two boxers.

"No, no, no," he stormed at Molina. "Le box, le box. Like this."

Again he assumed the standup pose you can see in any old baguerreotype of fighters of the Gay Nineties.

This happened twice more during the course of the bout—proving once again that when it comes

## Irish Arrive for SC Grid Battle

LOS ANGELES, (UP) — The Fighting Irish of Notre Dame arrived here by plane today to assume an unfamiliar role of underdogs in Saturday's game against the University of Southern California.

Only twice before has Notre Dame been the underdog against Southern California teams coached by Jess Hill. Both times, however, in 1951 and 1952 the Irish pulled upsets.

The Trojans, suffering from stiff Pacific Coast Conference penalties, currently are 13½-point favorites to defeat the Irish. Last weekend SC defeated its crosstown rival, UCLA, 10-7.

## Spieser Victory Puts Him Nearer Chance at Title

MILWAUKEE, Wis., (UP) — Chuck Spieser strengthened his hold as top contender for the world light heavyweight crown today on the basis of his second round knockout victory over Germany's Willie Hoepner.

Spieser put Hoepner down for the 10 count at 2:29 of the second round of their televised bout here Wednesday night. Spieser weighed 172½ pounds to 174½ for Hoepner.

Spieser's immediate future hinges on the outcome of Friday night's battle between Archie Moore, the current light heavyweight titleholder, and Floyd Patterson.

If Moore wins, he will have to surrender the light heavy crown and Spieser will be in line for a title match.

### UC Students Unhappy

BERKELEY, (UP) — James Kilder, president of the Associated Students of the University of California, says UC students would protest vigorously if the university were to withdraw from the Pacific Coast Conference.

### FILL UP BIG RACES

ARCADIA, (UP) — Nominations for the \$135,000 Santa Anita Handicap and the \$100,000-added Santa Anita Derby today were being filed with the racing secretary at Santa Anita Park. The nominations will close Saturday. The meeting opens Dec. 28.

# Odds Switch to Patterson

CHICAGO (UP)—Unexpectedly heavy support for Floyd Patterson today indicated the Brooklyn youngster would go into the ring Friday night a "switch-favorite" to beat ancient Archie Moore for the vacant world heavyweight crown at Chicago Stadium. Surprised bookies explained that "a flood of Eastern money" had hammered down Wednesday's 8-5, favoring Moore, to even money. But they had no explanation for the cause of the Eastern splurge.

THE PATTERSON boom started Wednesday at least four hours before announcement that Mrs. Dolores Mapp of Shaker Heights, Ohio, and daughter Barbara, 12, had filed three suits against Moore in federal court for alleged breach of promise, assault and rape. Damages totalling \$750,000 were asked.

And nothing occurred in 39-year-old Archie's final two rounds of sparring at the Midwest Gymnasium to cause loss of confidence in the light heavyweight champion's condition. Patterson did no boxing Wednesday. He tapered off with seven rounds of gymnasium exercises.

MOREOVER, a United Press poll of 40 sports writers on the scene today favored Moore, 25-15. Most of the Moore pickers predicted a knockout victory.

Meanwhile, the brisk sale of tickets made promoter Jim Norris confident the bout would draw more than 18,000 fans and approximately \$300,000. He said the advance sale this morning had reached \$172,000. "And it should be about \$210,000 by Friday noon." A heavy late sale is expected at the stadium — as usual for big fights — Friday evening and night.

## Senior Class to Present Play, 'Ring Around Elizabeth' on Nov. 30-Dec. 1

The senior class of Palm Springs High School will present its play, "Ring Around Elizabeth", Friday, Nov. 30, and Saturday, Dec. 1, at 8:15 p. m. at the Frances Stevens Auditorium. There are two prices, 75 cents for students and \$1 for adults.

Peggy Schuler heads the cast, portraying Elizabeth. The rest of the cast is Dick Poliak as Ralph, Stephanie Bruton as Jennifer, John Cunningham as Andy, Kay Busby as Laurette, Rollin Binzer as Hubert, Barbara Adams as Mercy, Dottie Neidhart as the self-centered businesswoman, Judy Roberts as Vida, Dottie Neidhart as Irene, Dixie Vogels as Harriet, Lindsay Nielson as Dr. Hollister, and Alan Miller as Jerry Greenfield, policeman.

Elizabeth is the hard-taxed center of an irritating household. Her husband, Ralph is a dullard. One of her daughters Jennifer, is hysterically in love with a cynical playboy, Andy. The other daughter, Mercy, is precocious. Laurette is a selfish old mother and Hubert is a fussy father-in-law, who chas-

es fires. Harriet is a nosy house guest and Vida is a bossy cook. The stage crew comprised of Beverly Beck, Gary Carter, Carol Clapp, Fern Fox, Pat Parton, Pat Pearl, Mike Sterkin, Colby Jones, Ken Chapin, Dale Johnson, and Howard Mitchell and headed by Irving Sussman, Junior and Senior English teacher, has been working all week long to prepare the scenery for the play.

Jim Miller, student director, is assisting the director, Alex Ham-mong. Sussman is also in charge of make up, and Mr. Deutchman, freshman and sophomore English teacher, also is assisting.

## Villagers Watch With Interest Catalina Action

Many Palm Springs businessmen are looking with interest today at a news report that the Los Angeles County Board of Supervisors has urged the purchase of Santa Catalina Island for use as a state park.

It was announced this week that the Board voted to seek cooperation of city and county officials in Santa Barbara, Ventura, and Orange counties on a plan to use state tideland revenue to acquire the island.

Max Grone, Palm Springs shoe store operator, and owner of the Catalina Hotel in Avalon, commented today that if the purchase is made it would be one of the most terrific things for everybody there that could happen. It would give new impetus to people to visit the island, by allowing businesses to decrease prices.

GRONE WENT ON to explain that the cost of utilities is high, borne by only 800 to 1,000 persons who have property on the island, and that the state would lower these utility costs to about one-half. These utilities include gas, water, electricity and transportation. Where transportation now costs \$6.50 per person round trip, Grone estimates that it would be about \$2.

He admitted that to him, as a hotel owner, it would not be an advantage, but "it would develop the island into a playground for everyone, thereby making it possible for all people to go to the island for a vacation."

STAN ROSIN, Santa Catalina pioneer, and local hotel operator, said that there has been a long fight between the local towns people and the company (Catalina Company) to get the island up to standard. "There have been many attempts in the past to get private money invested in the island or get it designated as a state park," said Rosin, "and the people of Avalon (the only incorporated town on the island) have worked a long time to get something done to benefit the vacation town."

CAPTAIN JACQUES COUSTEAU, famed underwater explorer, author, and inventor of the aqua-lung, visited Palm Springs and stayed at the Crestview Hotel, where he is pictured with Sig Ehrens, owner. He was officially in the Village to promote the forthcoming picture, "The Silent World", a story taken from his book on underwater exploration, the adventures of his crew, and his life as an explorer. His book, by the same name, has sold more than two million copies to date. (Desert Sun Photo)

## Aqua-Lung Inventor is Visitor On 'Silent World' Promotion

Captain Jacques Cousteau, inventor of the aqua-lung, explorer and author, was a visitor in the Village this week, here unofficially to promote the forthcoming film "The Silent World."

The captain, well known throughout the world, makes his home in Paris, France. A French Naval officer, he has been specifically assigned to doing the expedition work in the oceans of the world.

His work on these expeditions has been reported throughout the world press as the most spectacular of its kind. He has successfully been able to descend 20,000 feet and photograph objects at that depth. The equipment, used from the deck of a converted mine sweeper (Calipso) includes the most modern deep sea research and diving equipment.

CAPTAIN COUSTEAU'S book, "The Silent World," parts of which are included in the motion picture by the same name, has sold over two million copies. The motion picture, which has been released for private showing, is scheduled for regular distribution within two weeks. Shown at the Cannes Festival, it took the Grand Prize.

A month ago Life magazine did

a six page picture article in color about the expedition force while it was filming "The Silent World" in the Indian Ocean. National Geographic magazine plans to release a consolidated report of expeditions and pictures by the captain and his crew. Release is scheduled for the August issue.

This was his first visit to Palm Springs, and Captain Cousteau said that he was enjoying his stay immediately and extended his time here two days.

AFTER 20 YEARS of underwater adventures, the captain is anxious to return to his work. He plans to do some exploration of the Mediterranean Sea and next year go into the Atlantic ocean.

Two of his most thrilling experiences were the training of a large sea bass, which was a constant companion to the divers during the exploration of the Indian Ocean, and the unbelievable feat of anchoring the Calipso in 25,000 feet of water.

## DHS Chamber Dinner Set Dec. 6

Tickets are on sale at the Desert Hot Springs Chamber of Commerce building, West Pierson boulevard for its annual dinner to be held at 7:30 p. m., Thursday, Dec. 6.

The event will be in the Golden Saddle dining room of the B-Bar-H Ranch, Dillion Road. Tickets for the buffet dinner will cost \$2.50 each including tax and tip, or \$5 per couple.

At the chamber's meeting Thursday, presided over by Charles Meadows, vice president, the organization rejected a suggestion by Cliff Graben, 66-375 Flora ave., to make DHS the "Flag Town Spa of America."

Members said they felt the community had enough in its hot mineral water and desert air to attract the tourist trade, without any additional sales effort through eye appeal.

All local members of the chamber are urged to attend its meetings the first and third Thursday of each month.

More than 1,000 people reach the Social Security age of 65 in the United States every day.

## Itkins Buy Canyons Lots

Mr. and Mrs. Ruby Itkin of Los Angeles and Paris, France, have purchased the property at the corner of Cabrillo Road and Palm Canyon Drive, it was announced by Peter Sheptenko, Realtor, who handled the transaction.

Mr. and Mrs. Itkin are in the dress business both in Paris and in this country. They plan development of the property in the near future. Also included in the transaction was the adjoining lot which faces on Junipero Road. Sale price was reported to be \$42,000.

The first U.S. patent was granted in 1790 to Samuel Hopkins of Philadelphia for a new potash manufacturing process and was signed by George Washington.

## New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

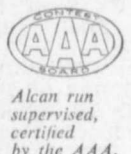

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Proved on the Alcan Highway  
Champs of every weight class!
